

# SPECTREM® 2

Structural and weather seal, single component, silicone sealant...

Spectrem® 2 is a medium-modulus, high-performance, neutral-cure silicone sealant

ideal for a variety of perimeter caulking and glazing applications, including 2-sided structural glazing. Spectrem® 2 may be used on substrates such as aluminum, glass, steel, painted metal, plastic, stone, concrete and brick.

## Features & Benefits

- Suitable for structural glazing based on approval from Tremco
- Does not have free silicone oil to cause substrate staining and delamination of laminated glass
- Choice of 11 standard colours when used as a weather seal
- Colour customisation services
- Short lead time for customised colour or colour matching
- Proven track record over 20 years Burj Khalifa (Dubai), KLCC Twin Towers (Malaysia), Infrastructure Projects (Southeast Asia)
- Greenguard certification suited for sensitive indoor environment including hospitals and schools
